Liquide de refroidissement

Anti Corrosion Anti Boiling Radiator Fluid

SPEEDCOOL *Coolant*

Speed Cool is organic coolant designed to provide complete cooling system protection. Excellent hot weather protection helps to prevent the risk of the engine coolant boiling. Improved protection against rust and corrosion in cooling system. Improved protection against cavitation in water pumps. Provides effective freezing point protection to -10°C. Easy to use.

SPEEDCOOL *Liquide de refroidissement*

Speed Cool is organique coolant liquide anti corrosif pour temperature moteur. Facile a l'emploi a verser dans le radiateur sans ajouter de l'eau anti corrosif utile pour les pompes de circulation pour faire vivre le moteur longtemps.

ISO 9001, ISO 14001, ISO 45001 ve TS EN ISO 17025 KALİTE STANDARTLARINDA AR-GE, ÜRETİM ve PAZARLAMA

The original USA brand since 1921

Manufactured by
Koçak Petrol Ürünleri San. ve Tic. Ltd. Şti.

Lisans No: MYG / 500-56 / 11943

Lisanslı Üretim Yeri Adresi: Pelitli Mah.
4434 Sok. No: 43 41400 Gebze-KOCAELİ/TÜRKİYE

Marka Tescil No: 2016 100049
